## NOTES AND COMMENTS.

Westervelt pitched a splendid game, and the chances are that he will be seen in the box more | pany is as follows: regularly hereafter.

Daly's all around work at Cleveland was superb. Shoon's batting in the first game and his fielding

their batteries, taken altogether, are the best in the League.

The Eastern teams are showing up in good form and as a whole they are doing much better work than did the Western teams in the East.

The New-Jersey Athletic Club's baseball team, the champions of the Amateur League, will have their hands full on July 4. In the morning the team will journey to Orange, N. J., to meet the nine of the Orange Athletic Club. In the afternoon the men will appear at the New-Jersey Oval and meet the Jersey City baseball team. On this team are many old-time professionals, and it is expected that "Mickey" Welch will pitch for them. Chairman Currie is going to try to have Huyler Westervelt in the box in the afternoon so as to fool the Jersey City team.

GETTING READY FOR THE GAMES.

The Athletic Committee of the New-Jersey Athletic Club, at a meeting held yesterday afternoon, decided to leave the entries open for the games of July 4 until to-morrow. At these games the most important feature will be the all around champion-ship of the Amateur Athletic Union. The best entry ever recorded has been received for this contest, and

The referees in the fight assume to represent the administration, and denounce all who oppose them as opponents of the administration. The anti-referees profess the utmost loyally to the administration and even an admiration of Dickinson, but will not be governed by a lot of secretly appointed referees, and bitterly denounce the system under which the offices have been distributed.

Swartwood has gone back to the Eastern League, where he was a success. He was a dire failure in the League.

Hartley, the new umpire, will start for the West on Sunday. He takes O'Rourke's place on the League staff.

If the Giants can continue to bat with effect they need fear no team. Their fielding is all right and their batteries, taken altogether, are the best in the League.

The Eastern teams are showing up in good form and as a whole they are doing much better work than all the Western teams in the East.

AGAINST LISTING THE CERTIFICATES. The governing committee of the Stock Exchange has refused to list the certificates of deposit of the consolidated bonds of the Northern Pacific Ratiroad Company. It has authorized, however, the committee on stock listing to list the certificates when they shall approximate a total majority of when they shall approximate a total majority of the bonds. The committee on stock listing had recommended that the certificates should be listed at once, but the governing committee voted against the proposition. It was said that that was the first time in eight years that the governing committee had voted against the recommendation of the Committee on Stock Listing. The decision is considered a virtual refusal, because there is no chance of the deposits of certificates approximating the majority of bonds.

Her cheeks and forehead were much flushed. Judge Edwards signed the warrant of execution, and commanded the clerk to enter an order that within ten days from the issuance of the warrant the Sheriff deliver the prisoner, together with the warrant, to the agent of the State prison at Danpemera, in Clinton County. As the Sheriff left his prisoner for a moment to take the warrant from the Judge, she grabbed hold of her own hair, and would probably have pulled a handful out had she not been prevented.
